Through prenatal screening, assessment and linkage to services, the Organization supports clients in need of prenatal care access, health care navigation, medical payment source and other intensive social service needs to improve their birth outcome. This fiscal year, nearly 8,700 pregnant women completed a Healthy Start Prenatal Risk Screen. Of these, 3,518 women received an individualized prenatal intake. CenteringPregnancy is a unique, evidence-based model of client-centered group prenatal care that provides health assessment, education and social support. Eight to 12 women with similar gestational ages meet as a group, receiving dedicated time with a medical provider and health facilitator to learn care skills, develop a support network and ensure access to prenatal care built upon trusted relationships. The program served 593 pregnant women this fiscal year and continues to be one of the most effective models of prenatal care to reduce the rate of preterm and low weight babies, while nearly eliminating racial disparities in birth outcomes.
